Forthcoming Events

Details of two SSRG events appear in this edition of the Newsletter

The first is a workshop that is being held on 12th and 13th June in the picturesque environs of the University of Stirling. Among other things, it will address some of the key issues emerging from the 21st Century Review of Social Work and how these are to be taken forward. Full details can be found on pages 24 to 31.

The second event, Outcomes in Social Care for Adults - Ten Years On is being held at the University of Leicester on 6th July. In addition to issues relating to the definition of outcomes and how they might be measured, CSCI will discuss proposals for changes for the 2007 assessment of performance for adult social care. The

programme and booking form are available on page 22.

SSRG has involvement in another event on 'Researching Children', in collaboration with Laria, Learg and LGA - please see page 17.

August Newsletter

Please can you email contributions by 21st July to dhender421@aol.com
